### ROUND Shower Channel

A slimline quarter circle linear shower channel for QUAD shower enclosures, doors, or within curved walls in 316 Marine Grade Stainless Steel with a FIXT Style grate E&OE

#### PRODUCT CHARACTERISTICS

- Very high quality Marine Grade 316 Stainless Steel offers superior resistance to chemical attack, & is especially suitable for coastal installations
- Outlet is CENTRAL, & the 'Push Fit' DN 50mm trap assembly can be rotated through 360 degrees
- Removable Stainless Steel grate with 'Fixt' Design, allows access to waste /trap
- Height adjustable S/Steel Grate has a foot friendly finish & allows various thicknesses of tile to be used
- Installation Sealing Kit – Optional Extra. See Data Sheets

#### APPLICATIONS

The 'Round' Shower Channel is a wide area collection vessel used within wet room showers, & is especially useful when curved shapes are required within the bathroom design, including curved walls, Quadrant doors & enclosures.

Suits:

- En-Suites – small bathrooms where space efficiency is at a premium
- High End Designer Bathrooms – Shape fits into design themes, adding to the feeling of space within a shower area
- Refurbishments & New Build
- Floor Structures – Design for Concrete floors. Can be used on Board over Timber Joist floors when fully supported. Call for advice.
