SLOT

This unique showerbed is pre-formed with shallow gradients leading to concealed channels on adjoining sides. Slim 'slot' outlets built into the bed provide an ultra discrete gap between floor & wall. Waste water disappears into channels hidden below the tiles & is taken away to a high volume trap concealed below a removable tiled panel. An exclusive product offering a new generation of engineered solution for the ULTIMATE wet room shower floor E&OE

PRODUCT CHARACTERISTICS

- Hard compressed Polymer Showerbed with a flat underside, & flat gradient at 1.5% leading to outlet slots along 2x adjoining sides
- Full length integrated channels concealed below close fitting tiles showing 7mm 'slot' outlets
- Removable trap cover c/w floor tile insert for easy access to high volume Horizontal waste & trap
- Perimeter waterproof gasket built into structure, to seal into surrounding floor
- Standard size 1200mm x 1200mm can be cut down to 500mm x 500mm on site
- OPTIONAL – matching extension piece 1200mm x 600mm
- Multi-combinations offer a max. 2400mm x 2400mm when building 4x 'SLOT' into single installation, giving a potential 160 litre / minute capacity

APPLICATIONS

Slot creates a superior ready to tile floor in a shower area or in a wet room type bathroom. Suits:

- En-suites & Designer Bathrooms : Where final presentation is critical to the design
- Refurbishments & New Build projects : All project types
- Floor & Wall Structures - : Designed for Concrete, easy adaptation to Board / Joist

TECHNICAL DATA

- Size – Overall Plan : 1200 mm x 1200mm, excl flexible gasket
- Profile : 65mm showerbed, & 130mm overall support incl. trap
- Gradient : 2 x 1.5%, leading from diagonal peak to 2 sides
- Waste & Trap : DIN 50mm (c/w UK 2" ABS conversion adaptor)
- Installation Kit : All required items to build into floor structure

TECHNICAL DATA - MATERIAL

- Showerbed : Waterproof High Pressure & Temperature Hard Polymer
- Waterproofing : Standard Factory Finish - KMK
- Waste & Trap : PP Moulded, suits 50mm Pipe
- Converting Adaptor : ABS with DIN 50mm Compression > 2" Solvent Weld

Issued - 27 June 2011

CAPACITY

- Waste & Trap : Single outlet 40 litre / minute
- : Multiple 'SLOT' combined to max 160 litres / minute

DISPOSAL

- Packaging should be disposed of according to local bylaws.

INSTALLATION INSTRUCTIONS

- Separate Sheet : Included in Package

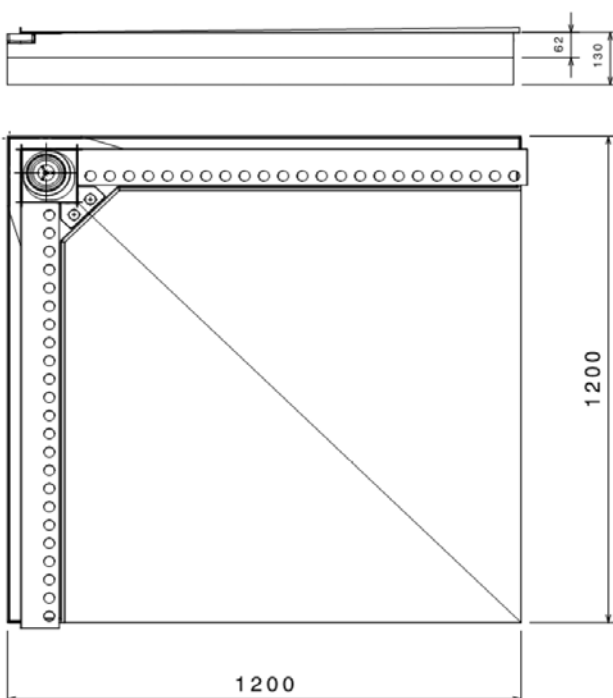

PACKAGING

- Cardboard Box : 'SLOT' Showerbed
- Other Items – Install Kit : Pre-packed within box

CONTENTS

- Showerbed c/w Factory Fitted Perimeter gasket
- Waste & trap Assembly – Horizontal (Vertical on request)
- Stainless Steel tile support for 2x sides
- Adjustable & removable tile retainer for waste & trap
- Channel Sealing Blocks & adhesive
- Instructions & Cleaning Brush
- Converter 50mm > 2" ABS Solvent Weld
