Push Control Button, TECEsquare Glass

Engineered in Germany, a premium range of GLASS 'flush plates' for concealed cisterns & sanitaryware installation frames by TECE. Contemporary 'Flat' or optional 'Flush' design combines with high quality materials to create a stunning yet simple solution to discretely actuate the controls of concealed cisterns. Supplied with all fittings & instructions. E&OE

APPLICATIONS

TECEsquare Glass are matched exclusively to the TECE range of concealed cisterns & installation systems suitable for WC's in en-suites, cloakrooms & other bathroom projects. The control push plate is fitted to cisterns that are suitable for :

- All common construction systems, in domestic, commercial, & institutional new build or refurbishment projects
- Small or large bathrooms, where space is at a premium, while ease of cleaning & sleek design is a priority
- Premium design led bathroom installations, where aesthetic considerations require sleek product solutions
