SHADOW 'S'

With an ultra discrete gap between floor & wall, this unique shower tray is pre-formed with a shallow gradient leading to a concealed channel hidden below the slim 'shadow' outlet.. Waste water disappears into the channel below the tiles & is taken away to a high volume trap concealed below a removable tiled panel. An exclusive product offering a new generation of engineered solution for the **ULTIMATE** wet room shower floor

PRODUCT CHARACTERISTICS

- 2x part hard compressed polymer showerbed with flat underside, & 1.5% flat gradient leading an outlet slot
- 7mm 'shadow' outlet concealing full length integrated channel below close fitting tiles
- Removable trap cover c/w floor tile insert for easy access to high volume waste & trap assembly
- 2x standard sizes : 1200mm x 1200mm or 1200mm x 2000mm wide. Trim-able to 500mm x 700mm on site.
